User testing abbey

Task 1
-went straight to schedule
-found practice schedule
first and tournament
schedule second
-accomplished task very
quickly
-thought design was
intuitive

Task 2
-scrolled through about
page then decided form was
in contact us page
-didn't know whether to fill
out position bc they don't
play volleyball
-typed in message what
building the home
tournament schedule was
-filled out all required fields
-liked form

Task 3
-went to about page first
-then went to the roster
- -got the correct amount of people
- Said roster was really cool

Task 3
-found information right on the about page
-very quick
-thought factoid was very cool
